## DAMAGING CASE AGAINST NEGROES.

Sam Bell Tells of Carousal Which Resulted in Anna Wright's Death.

## HOWELL AND KING ACCUSED

Bell Was Messenger Boy Who Carried Note to Wright Woman and Witnessed Quarrel in Basement of Hagan Building—Physicians Testify.

Special to The Courier.

UNIONTOWN, March 17.—The most important witness yet placed on the stand by the prosecution in the case of Walter Howell and Berlino King, charged with the murder of Anna Wright, all colored, was Sam Bell, the diminutive negro employee of Howell to whom the alibi of the two defendants had been attributed. Bell told the story of the events leading up to the tragedy. He said about 11 o'clock in the morning of January 11 he carried a note for Howell to the Wright woman, who was staying at a house in Coon Hollow. The Wright woman sent a note in reply and later came to the building. Howell and King were there. Late that evening, Bell said, after cleaning the ground floor of the building, Bell went to the belfry room with Harry Payne. About 10 o'clock Bertha Strother, commonly reported to be Howell's wife, arrived in company with Lizzie King, and for Howell, who had not arrived at once, Lizzie King did not answer at once. Lizzie King came out. There was a quarrel which ended in all of them going into the room where the Wright woman was. They found her unconscious and without clothing. Howell insisted to the Strother woman that Anna Wright was King's company. The man and woman quarreled, Howell threatening to take her life. She left hastily and King and Payne followed. Howell left later, but before leaving he told King, "Don't be afraid for me. Maybe my neck will be broken or maybe I'll get a life term. I've got to go." Then he went and Bell did not see him again until after he was arrested and brought back.

The only other witness who has been called so far were Dr. J. T. Whitson, colored, who was called to the Hagan building, and Dr. Louis Seaton, physician at the hospital. Dr. Seaton said the Wright woman died from morphine poisoning or some derivative of morphine.

The Charleroi Sauvage Manufacturing Company today agreed, not against John Brozenc, John Shook and George Bishop, proprietors of the People's store in this county, near Uniontown, to recover \$17,294 due for merchandise furnished.

An order was made today for the release of Matthew Hughes from Huntingdon. He was committed on March, 1909 for aggravated assault and battery.

Mike Sabish, tried yesterday for the larceny of the top of a sewing machine from Albert Means, was convicted. The jury returned a sealed verdict after less than three hours, and it was voted to try King and Howell as follows:

Owner Swanson, laborer, Charleroi; Arthur H. Stauffer, clerk, Connellsville; Dan C. Johnson, 12, laborer, South Union township, No. 1; Charles J. Gray, superintendent, Connellsville, South Union township; J. J. Johnson, laborer, South Brownsville, Third ward; Van Hines, farmer, Luton, Union township; John J. Johnson, agent, Connellsville, Third ward; Joseph Hopewell, farmer, South Union township; A. J. Stover, clerk, Connellsville, South Union township; Matthew Welsh, Washington township; Matthew Welsh, Washington township.

## St. Patrick's is Quiet Here

Today is St. Patrick's Day and the Irish of Connellsville are making the most of the day they celebrate. The wearing of the green is popular and the name and name of Old Ireland are prominent.

Tonight there will be a lecture in the West Side auditorium under the auspices of the St. Patrick's Day. The lecture will be interspersed by music by Kilkenny's orchestra and the announcements may "music by Kilkenny in person."

A Fireman's Gig.

The old tunnel about 100 feet east of the firehouse station of the Pennsylvania Railroad, is a thing of the past. A great number of men were employed by the company at a cost of about \$2,000,000. Demolishing the tunnel was a big undertaking as it was driven through the solid limestone rock, with about 10 feet on top.

Operated by Pittsburgers.

St. Patrick's Day was celebrated today in the metropolis more generally than in the country. The festival will be interspersed by music by Kilkenny's orchestra and the announcements may "music by Kilkenny in person."

## PUPILS MARCH OUT OF A BURNING SCHOOL HOUSE.

Bucket Brigade Then Saves Adelaide School Building Where the Flames Were Rapidly Spreading.

Fireman's bucket brigade was formed and the fire was extinguished before it had caused much headway.

The teachers on the second floor on learning of the fire quickly got the children out of the building. They were aware that the building was on fire until then. The news of the fire spread rapidly and the flames were spreading rapidly and the children were scattered around the building. Mr. Walker, manager of the Pittsburgh Wood Preserving company's plant, which is located on the hill above the school, and Mr. Loveland, also employees of the company, hurried to the scene of the fire, and had not been there thirty seconds when the flames would no doubt have done serious damage.

## Laymen's Banquet Attended by Many

About 150 men from all over the State attended the Baptist Laymen's Banquet held last evening in the Hotel Belmont in Uniontown. The note was given in honor of a visit of Dr. W. T. Stickney, general superintendent of the northern division of the Laymen's Misionary Society.

At 7 o'clock the guests assembled in the dining room of the church where an elaborate luncheon was served.

The banquet, Attorney D. M. Hertzog, trustee of the Hotel Belmont, and other distinguished guests present were C. E. Wilson, Ira C. Cochran, William G. Hertzog, Robert S. Miller, Dr. W. T. Stickney, H. J. T. Thompson, general superintendent of the Laymen's Misionary Society.

At the end of the evening was Dr. Stickney, who spoke on "The Laymen's Misionary Movement."

Local laymen, business men, and other prominent citizens of the county were present.

At the end of the meeting the Laymen's Misionary Society presented a gift of \$1,000 to the Hotel Belmont.

Officer Rulli, who quickly work out this morning recovered \$34 for a foreigner who had been robbed in a Water street lodging house. He located the thief, brought him to the lockup and recovered the stolen money despite the rather clever hiding place selected by the culprit.

John Valko of Casselman was the offender. Valko and Charles Maser, both Slavish, spent the night at the lodging house and slept in the same bed. Maser did not remove his trousers. When he awoke this morning Valko had disappeared. So had the \$34.

Maser dressed quickly and rushed to the police station where he pointed forth his tale of woe into the ears of Officer Rulli. Rulli took up the case, visiting the West Penn waiting room, the Pennsylvania and the Baltimore & Ohio depots. He located Valko at the last named place and brought him to the lockup. A search failed to reveal any trace of the money. Officer Rulli was puzzled. He searched the man again, but with no better results. Pondering for reflection, Rulli was struck by a happy thought.

"Take off your pants," he told Valko. The man demurred, and when they knew he was on the right track, they finally agreed and Valko removed his pants. Rulli found a handkerchief tied about the prisoner's knee. Beneath the handkerchief was the roll of money.

The coin was returned to Maser and as both are wanderers, it was decided to let Valko go, otherwise it would have been necessary to hold Maser as a witness, and Maser was anxious to leave this section. Burgess Davis consented to dropping the matter.

## Sixty-Second Congress Will Have Many Nice Jobs to Give Democrats.

Special to The Courier.

WASHINGTON, D. C., Mar. 17.—With the next session of Congress the othering of the office-seekers has given the hotel lobbies an appearance of old times. While this extra work has been a great help to the city, it has greatly reduced the number of official positions to be distributed among the faithful, the independent office-seekers are finding it difficult to find many of them of excellent salary proportions.

The two best positions are those of clerk of the House of Representatives, which pay \$1,000 a year. The docket-keeper's place pays \$1,000, and is next best on the list. The other big jobs and a few more are \$900. In all, there are more than fifty minor clerks under the clerk of the House drawing anywhere from \$750 a year to \$2,200.

## Want Explanation of Army Maneuvers

United Press Special.  
WASHINGTON, Mar. 17.—Plans to prevent a congressional attack upon the President based on the martial demonstration at Mexico's border were taken up in administration circles today. Political guns are being loaded in both branches of Congress to drive the administration into the open with an explanation of the heading rush to the Rio Grande.

To avert the fire, or break the force of it, at least, the prospects are that the administration version of the mobilization will soon be given out in detail at the War Department or the White House.

Senator La Follette, Republican, of Wisconsin, is prepared to lead the fight in the Senate. He has written a resolution of inquiry as to whether the army and navy are being used in behalf of Wall Street.

### POKARYA A FLASH.

Johnstown Captain Playing for Kingstown Established Records.  
KINGSTON, N. Y., Mar. 17.—The Poughkeepsie edition to the Kingston team celebrated its advent into the Hudson River basin by leading points to the 10th in the first 100 points scored in one game at Kingston when he put fifteen from the field and five from the foul line. The team, representing the Poughkeepsie hat factory, set out to prove that Poughkeepsie is not purports to be a new high-water mark.

Pokarya is a central figure man. He is a creditable record in the western league and he was a former teammate in a number of the major teams. The complement of the Kingston team is his son into the pitch caused by Poughkeepsie's inability. Kingston won the game by the total score of 45 to 17.

**STANLEY ASHE  
CHosen BY BOARD**

Superintendent of the Borough Schools to Fill the Balance  
OF DEFFENBAUGH'S TERM

Elevens of the Directors Voted for Ashe, Five for Bell and Two for Shields—A Futile Effort Was Made to Postpone Election.

Stanley P. Ashe, senior instructor in the Connellsville High School, in point of service, was last night elected Borough Superintendent. Only one ballot was taken and that, as a futile effort had been made to delay the election for the purpose of investigating the merits of other applicants. There were several remarks for and against this suggestion but Director A. W. Bishop came nearest the real situation. He said:

"Every member here tonight has been canvassed by the various candidates and I believe each has made up his mind as to whom he intends to vote. What would be gained by delaying the election? At any other time it would favor the appointment of a committee to investigate the work done by these applicants, but that time is too short now."

Director A. W. Hart made the motion to defer action and Dr. T. H. White seconded it. When the vote was taken there were only six votes in favor of it. Those who desired a postponement were White, Hart, Long, D. J. Thomas, Rose and Shields.

The School Board then got down to business. Secretary Bert J. Thomas read the list of applicants. There were 19 qualified. Prof. Ashe, Principal G. H. Bell, who later yesterday afternoon formally made application for the position of Superintendent; A. C. Guynn, principal of the Disturb borough schools; J. M. Hostetter, principal at Avonmore; W. H. Wayt, principal at Mannington; E. L. Laverne, principal at Penn Argent; James C. Shields, principal of the Irwin High School; William F. H. Wentzell, supervising principal of German township; Harry D. Wilcox, formerly principal at Youngstown, O.; Albert W. Comfort, principal of the Swallow High School; Joseph W. Carroll, township principal in Milburn county; and G. S. Smith, ward principal at McKeesport.

The election was over on the first ballot when Prof. Ashe received 11 votes; Principal Bell five and James C. Shields two. Ashe received 11 votes of Directors, Smith, Hays, Hartmore, R. O. Thomas, Norton, Rose, Bishop, Metzgar, Armstrong, Gallagher and B. J. Thomas. Bell was supported by Directors Darr, Long, Balsley, Mason and Fornwalt. White and Hart voted for Shields.

President Gallagher. Immediately after the election he announced he would call another special meeting for Monday night. Mr. Alce Neal has requested to be released from his contract and steps will be taken to secure a successor to Mr. Ashe in the high school.

Stanley P. Ashe, the new Borough Superintendent, will assume the duties of that office April 1. He is 28 years old and married. His experience in teaching covers two years under constant supervision at State Normal, five seasons with the Pittsburgh Playground Association, one year as educational director of the M. C. A., and three years teacher of mathematics in the High School here. He was educated in the public schools at West Newton, Homestead, Pittsburgh and Kittanning; in the High School of Pittsburgh and Union, and graduated from Charlton State Normal. He has also been a student at Beaver College.

The meeting of the Board last night was remarkably free from ill feeling. Director Smith started things by asking if any investigation had been made into the qualifications of the candidates. He was told no investigation had been made by the board. Director R. O. Thomas was assured the present election was only for the unexpired term of Mr. Deffenbaugh. Director Hart then moved and suggested the election be deferred until a committee could investigate the qualifications of candidates and report. He said the board "might vote blindly and get something it didn't want." Director Hart declared the time too short for such action. "We have seen the candidates," he said, "and should be able to judge for ourselves. Any other time I would favor the appointment of this committee." Director Darr opposed the appointment of a committee, but said the brief time remaining until April 1 was his only reason for not supporting the motion. Dr. White thought a vote for the election at the present meeting would be a moral obligation to elect him for the three year term. Director R. O. Thomas asked if the committee was expected to go from Ohio to Pennsylvania to investigate the candidates and the others supported so.

Director J. C. Long asked if all the candidates could report immediately. He was told they could report by April 1. The vote on appointing the committee was taken and lost, after which balloting began for superintendent without comment.

After Prof. Ashe had been declared elected the salary was fixed at \$150 a month for the remaining two months of the term.

FRIDAY EVENING, MAR. 17, 1911.

SAINT PATRICK'S DAY  
PAST AND PRESENT.

Saint Patrick's Day isn't what it used to be.

The Patron Saint of Ireland has gained immensely in popularity. He is honored in every English-speaking country, and nowhere is his anniversary more generally observed than in America. Most United States citizens have enough Irish blood in them to be all Irish on Saint Patrick's Day. On this day we all wear the green.

Never before Saint Patrick's Day has there been what it used to be.

It has lost one of its chief characteristics, the pride and glory of former days, the Saint Patrick's Day Parade, with the green banners and the green regalia of the Ancient Order of Hibernians liberally decorated with shamrocks.

But perhaps the parade has passed for a good purpose. It was characterized by undue hilarity and often by violence, especially if an Orangeman showed his colors. The modern manner of celebrating the day is more sane and sensible. Saint Patrick is honored by simple quiet and Catholic Jollity in the celebration.

After all, it doesn't matter what church Saint Patrick belonged to. It is a matter of record that he was a good man who devoted his life to uplifting his fellowmen. Such a man is worthy of the regard and even the reverence of all men, good, bad and indifferent.

Hail, good Saint Patrick! Blessed be the name!

BOROUGH SUPERINTENDENTS  
AND JUNKER COMMITTEES.

A new curriculum for the schools was developed at the School Board meeting last night. Directing a proposal to appoint a committee to investigate the qualifications of the applicants for the position of Superintendent of Schools, it was asked whether such committee would be compelled to travel around the country and hunt up the records of the applicants.

The Homestead School Board took the trouble and went to the expense of sending a special committee to Connellsville to inquire concerning the character and educational qualifications of Professor Diefenbach, and they hastened to their satisfaction. Their mission was to some purpose.

However, we think that the Connellsville school board will be able to properly investigate the character and qualifications of all applicants for this position in the future without the aid of a junket committee. The applicants will no doubt come personally before the directors if they suggest it, and each of them will doubtless present more or less written testimony of their abilities. Those who have not such testimony are unsafe persons to elect to the position.

After the criticism of the applicants have been presented, the board may find it desirable to inquire personally concerning one or more of them; if so, they should do so through a committee. Connellsville pays a liberal salary to its Superintendent of Schools. It is the duty of the board to get the best possible material for the people's money, and no account to play favorites.

THE PROPOSED  
ANTI-SMOKE BILL.

The Anti-Smoke bill under consideration in the legislature will not apply to Connellsville to Connellsville and the coke region.

The Chamber of Commerce is earnestly endeavoring to create all the smoke possible in Connellsville, and the people of the coke region generally have reason to bitterly bewail the absence of smoke. The more the coke ovens smoke the better we like it. That smoke spells universal prosperity.

It is possible that the smoke nuisance in towns and cities may be mitigated without serious cost or trouble to manufacturers. If so, we have no doubt all industrial establishments will cheerfully consent to the use of such appliances. If they do not willingly do so, they should be compelled by law to employ such devices, but that compulsion should be reasonable. It should neither be harsh nor lenient.

The Anti-Smoke bill should not become a law if its effect will be to drive industries away from thriving communities.

Cholera threatens the country,鼠疫 threatens the country, and the鼠疫 threatens the business world and Mexico distrusts the peace of the continent. Friends are fallen upon evil that we live in a great state, let us forget the plagues, ignore the threats and laugh at the disturbance.

Professor Diefenbach is something of a Sherlock Holmes.

Scottish wants to be on the State Road System and she should by all means have her right granted, not only as a matter of her convenience, but also as a matter of convenience for Connellsville and Uniontown and the other small communities in Western Pennsylvania.

The Socialist members of the legislature want to abolish the State Constabulary. The State Constabulary

stand for law and order and the protection of all citizens in their rights. They only oppose those who are opposed to law and order.

The Chamber of Commerce has made good and its members are willing to give it support for another year in the hope that it will do even better, now that its expertise is broader.

The Western Maryland is on the right turn in Connellsville.

The Democratic Reorganization movement is a success with a large turnout of voters and a good election and perhaps eternal dominion.

Justice reaches from the plains of Nebraska to the hills of Pennsylvania.

The School Code is out in the open at last with a better chance of passage than it had two years ago, chiefly because it is a better bill.

## COPE FRUIT FARM CHANGES HANDS.

Largest of Its Kind Near Scottdale Disposed of Yesterday.

DOC. COPE BROUGHT IT UP

Mrs. George Reed Suffers a Paralytic Stroke and is in Critical Condition. Kingsview Stars Shining Out for Amateur Games.

**Special to The Courier.**  
SCOTTDALE. March 17.—The spring continues to be the most active in real estate here in some years, two important deals being consummated yesterday, these through the agency of Welmer & Dewitt. The one was the sale of the Cope fruit farm, west of town, the largest fruit growing one in the state, which was brought up by the late G. C. Cope, known all over the fruit growing sections of Pennsylvania as "Doc" Cope. The farm passed from the possession of Mrs. Cope and Luther Cope yesterday to John Hemp, a fruit grower of Allegheny county, and C. C. Bush, manager of the Central Grocery of Scottdale. Mr. Hemp and his son, Alvin Hemp, of Kane, will take possession about the first of April. John Hemp is the father of Albert Hemp, of the West Penn Railways, who is employed at Connellsville, and Mrs. C. Bush of Scottdale. The farm consists of 75

Drives Agony From Painful Feet.

Ezo Makes Your Feet Feel Fine and Comfortable in 10 Minutes.

A. Clarke is selling Ezo these days because already dozens of fatigued and weary people here in Connellsville have learned that there is nothing in this wide world that will do as much good to the sore, tired, burning, perspiring feet as Ezo.

Rub some Ezo on today and all foot troubles will fade away. It's a refreshing and refined ointment in 12 oz. and wonderfully soothing and healing. And a large jar for only 25 cents, and it's the finest ointment you ever saw for rough, itching or chafing skin. It cures eczema, blackheads and sun-burn.

**ARE YOU  
READY  
for  
SPRING**

**WE ARE—**

And you should be. How about starting it **TODAY?** We started early on account of there being more people to clothe this spring. No! the added population hasn't much to do with it; so and so admired so and so's full suit, he looked at our spring line, this time we get a new customer. Have one line of clothing in particular that, before we landed it, was not shown in cities much smaller than Pittsburg. That line made our clothes business. Interested twice as many people in 1910 with that line than in 1909. Going to double this year by having just what you want—smart, new, correct things in all lines; plentifully assorted and priced—satisfactorily. It's a big job to make twice as many people understand the advantages of giving us their preference but we're gaining headway month by month. Just investigate, it will pay you.

### Work of Chamber of Commerce Is Appreciated by the Members.

Statements for dues owing by members for the year 1911 have just been mailed by the Chamber of Commerce.

The high regard in which the work of that body is held by the members is well indicated by the promptness with which remittances are being sent in, and especially by the words of encouragement and praise accompanying the checks.

The following are abstracts taken from some of these communications:

In connection with your statement of work of the Chamber of Commerce, we wish to state that you hold you not a single industry, the great advertising alone that you have done for our business has brought business to Connellsville and the merchants and it is worth many times the expense a membership in the Chamber. You have been a factor in the continued success of the body.

Enclosed check for \$6.00 covering dues for 1911. Although I am not engaged in business, I am very much convinced that an organization such as our Chamber of Commerce is a desirable and necessary institution for progressive communities.

Looking at the splendid results accomplished by the Chamber of Commerce, I am sending in a sum of money to pay for a while your membership. We are glad to be able to help these matters, and send you check for \$100 due to you.

I enclosed you will find my check for \$100.00 to help up the good work. I never thought much in the way of tangible results could be accomplished by a public body in Connellsville. The Chamber of Commerce deserves every-

### The Cause of Infantile Paralysis

Special to The Courier  
HARRISBURG, March 17.—That a most important step has been made in the State Department of Health laboratories, leading toward the discovery of the cause of infantile paralysis, was declared by State Health Commissioner Samuel G. Dixon recently when asked in reference to a new microorganism found in the blood of cases of acute infantile paralysis during the experimental work being carried on at the State Department's laboratories.

The finding of this organism in the blood of only those suffering from infantile paralysis, different in morphology and characteristics from any organism heretofore described and not found in the blood of healthy individuals, will be appreciated by the scientific world as a discovery of remarkable interest and importance. Dr. Dixon says that this finding will be followed up by the most diligent study and exhaust-

ive experimental work to determine the exact relation of this new organism to the disease.

### SPRING FASHIONS For Women, Misses and Girls

The Union Supply Company stores are all displaying large stocks of new spring and summer goods. We are the first in line with complete stocks, and that fact has created a great big business. Women from all over the coke region are thronging the Union Supply Company stores picking up the new things. We are showing many approved styles in washable dresses, silk and washable waists, and skirts of different materials. In the juvenile department our display is an interesting one, including the very latest styles in dresses, coats, waists, skirts and hats. Open criticism is invited; only by criticism can taste be judged.

#### YOU SHOULD SEE OUR SPRING MILLINERY.

You will see some lovely creations, many novelties in our abundance of hats; conservatively trimmed. We ask particular attention to our moderate prices. Our styles are the very newest, made by the most talented milliners; suitable for the most fastidious dressers. If you can save money on your hats, it is worth doing.

## A Preliminary Announcement

With regard to our new

### Boys' Wear

#### Department.

In response to a demand that has become more insistent with each recurring season we will open a complete Boys' Clothing Department in our new location in the Title & Trust building on April 1.

It is especially gratifying to us to make this announcement as we feel we owe sort of an apology for neglecting the boys heretofore. However remiss we may have been in this matter we hope to make ample amends by the thorough manner in which we propose to take care of them from this time forth.

Our policy in the conduct of the Boys' Wear Department will be the same that has governed us in the growth and development of our successful business in men's wear. A policy of giving the best possible value at each stated price.

For boys' clothes of the better class we have selected a line that will appeal to parents who know—the line of Ederheimer, Stein & Co., makers of "Xtragood."

In the lower priced suits the lines we will offer will represent the best possible values at reasonable prices.

In addition to Boys' Clothing we will show a full and complete assortment of Boys' Waists, Underwear, Hosiery, Hats and Caps. Raincoats, etc., etc. In fact, it will be our purpose and policy to meet every reasonable demand in boys' wearables.

While the lines are still incomplete and we are at some disadvantage in showing them on account of lack of space, we have received a considerable proportion of our Boys' Suits and have placed them on sale in our present location. Your inspection is invited.
